Santee, CA 92071

Letter of Certification

This is to certify that steel parts, chains, fasteners, aluminum rings, infant swing seats, swing seats, Jennswings, tires, and plastic parts provided to your company, comply with the standards set in ASTM f-1487 and ASTM A-370, per tests documented by the National Testing Standards NO 26521-1 and 27269 and various SGS test documents.

Products meet lead requirements per 16 CFR 1303, Consumer Product Safety Act U.S.C. 2057a, and Consumer Product Safety Act of 2008 @ 14(a)as amended by 102(a)

These parts also meet requirements passed by the state of California for the amounts of phthalates allowed in products. The products meet the phthalate limit defined in Consumer Product Safety Act of 2008 @ 14(a)as amended by 102(a)

Test Method: All appropriate testing was performed as set forth in ASTM F1487 and ASTM A-370

Testing Frequency: Testing will be randomly performed on parts as required by ASTM and test results recorded.

Warranty: Jensen Swing Products Inc. warrants products provided for one year from installation against product failure due to manufacturer defect.

Best regards,

A handwritten signature in blue ink, appearing to read 'Charvet Ciralo', is written over the printed name.
